

A close-up photograph of a kitchen cabinet featuring three drawers with sleek, horizontal metal handles. The drawers are a dark, rich brown color, and the handles are a brushed metal. The lighting creates soft shadows and highlights the texture of the wood and metal.

A wall of superbly crafted cupboards conceals all the paraphernalia of the kitchen - from china and glass to fridges and comestibles. When closed the cupboards appear to be a panelled wall, but behind this façade is well-planned and spacious storage. This type of arrangement is ideal in a kitchen/dining area where formal entertaining takes place.
